

33-35 Manor Road, Colchester, Essex CO3 3LX.

2007

2007/1001

Computerwise Limited is now part of a much larger group with offices in Bromley, Colchester, Portsmouth, and Wimbledon.

This structure provides you with the stability and expertise that a large company can offer whilst coupling it with the care and responsiveness exercised by a smaller concern.

OPERA II VERSION 5.14.00

We have completed the postal upgrades of all Opera v4 sites to this latest release. If you have not yet received your upgrade, please contact Support Department so that they can take the necessary action.

Also we are in the process of contacting all Opera II users that have a contract where we carry out upgrades at their site, and who are still using Opera II v4. If you have not been contacted by 12 November, please advise us so that a convenient date can be agreed.

It is our plan to upgrade all Opera II payroll sites to v5.xx well before the payroll season starts in earnest, as the migration can be problematic and it would be prudent to carry out the exercise at a quieter period of the year.

FREE OPEN MORNING AT BRENTWOOD

We are holding a free open morning at the Holiday Inn, Brentwood (by junction 28 on the M25) from 10.00 a.m., on Wednesday 14 November.

Matthew Peace from Pegasus Software Ltd. will be attending to demonstrate Opera II v6.00.00. This release includes Sales Pipeline Remote, the Sales Pipeline Management module, Executive Dashboards and the VAT enhancements.

Jonathon Brewer from Prospectsoft Ltd will demonstrate their Customer Relationship Management (CRM) software, and be pleased to show how this could aid your business.

Additionally we will have our own expert team of professionals to discuss your hardware and networking requirements, tapeless backup, security systems, XRL, Windows Vista, training, and much more.

Special sales discounts will be available to all those attending.

These and the One-to-One consultancy make this a "Must Attend" event.

To book your place, or to obtain more detail, please contact John Stannard in Support Department. We are expecting a good response to this open morning, so an early call would be advisable.

PAYROLL 2008

We have started to plan the roll-out of Payroll upgrades essential to complete the 2007/2008 tax year, and to commence processing in 2008/2009.

We are advised by Pegasus that the various releases should be available by the end of December (much earlier than in the past). If this delivery schedule is adhered to, it will allow us to upgrade sites in good time for the end of year processing. We will keep you advised of developments.

STOP IT!

We hope that you find our e-mailed information sheets of direct help to you and your business. However, if you wish to remove your name from the mailing list or make changes regarding recipients, please contact John Stannard, in the Support Department.
