HMRC have issued advisory fuel rates (guidelines on **fuel only** mileage rates for company cars). Although these are scheduled for implementation as from 1 July, HMRC are happy that they are applied with immediate effect.

OPERA II ~ RELEASE OF V6.12.00

Pegasus has released v6.12.00. The upgrade incorporates major enhancements (Remote access for Sales Pipeline Management, 20 additional items for Executive Dashboard ~ making 50 in all, Document Manager scope extended ~ a key development to the paperless office, and many more improvements). Additionally, a number of known problems have been corrected.

We have been testing this release for many weeks now and would recommend its early introduction. (All Opera II users should now be on at least v6.00.00 or greater.)

All postal contracts have been provided with this release. If you have not received your copy, please contact Support Department so that the matter can be investigated.

FREE MORNING SEMINAR

As highlighted in our May newsletter, we are providing a free half day seminar to be held on Thursday, 10 July at the Rivenhall Hotel (located on the A12 between Chelmsford and London).

Refreshments will be served from 9:30 a.m., for a 10:00 a.m. start.

Matt Peace from Pegasus Software will be demonstrating the major points of the enhancements recently introduced (see preceding article) and Computerwise MD, Bill Rhys Jones will be available, together with IT Consultant John Stannard, to answer questions and give guidance.

Invitations have been distributed, and spaces will be allocated on a first-come first-served basis, and we expect the demand for places to be high. If you are interested in booking your place, please e-mail john@cwise.co.uk or telephone 01206 711 452.

The latest Opera II enhancements are geared very much at providing better access to the system, improving management information and culminating in providing tools to increase company profitability. Accordingly, this seminar is likely to appeal to senior managers and company decision makers in particular.
