For your information, our new address is as follows :-

Newcomen Way  
Severalls Business Park

## GETTING MORE OUT OF YOUR OPERA II

Are you getting the best out of your Opera II software? We often find that Opera II users do not know about all the features available in their existing software, and, with the latest version of Opera II, there is even more to learn. For example, do you know about Average Debtor Days, Customisable Grids, Excel integration, the 'Pushpin' or how to use the Favourites bar?
